

---

**Stakeholder: Amtrak**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional sharing/coordination of transit schedule information (Existing)
-

---

**Stakeholder: Association of Monterey Bay Area Governments (AMBAG)**

---

**Role/Area: Archived Data Systems -- AMBAG Regionally Significant ITS**

Collect and manage Regionally (AMBAG) significant transportation-related data

Responsibilities:

- 1) Develop/produce reports relating to transportation data as needed/required (Existing)
- 2) Collect/manage/share Regionally significant transportation data for the 3-County AMBAG area (Existing)
- 3) Maintain/update the AMBAG ITS Project Architecture (Planned)

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional coordination of passenger and fare information/apportionment (Existing)

---

**Role/Area: Traveler Information for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Maintain tools to allow travelers to obtain Area-wide transportation information (e.g., ride matching, transit, etc.) (Existing)
-

---

**Stakeholder: California Department of Transportation (Caltrans)**

---

**Role/Area: Traveler Information for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Collect information via CCTV, loop detectors, smart call boxes, as well as CHP and other information sources. (Existing)
  - 2) Disseminate Regional and Statewide transportation information via 511 (1-800-427-ROAD), Caltrans and websites, TV, CMS, EMS, HAR, etc. (Existing)
-

---

**Stakeholder: California Highway Patrol (CHP)**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

## Responsibilities:

- 1) Coordinate emergency response activities with other Agencies as needed, to manage the effects & impact on the Regional transportation system (Existing)
- 2) Disseminate information to the public and media, as appropriate (Existing)

---

**Role/Area: Emergency Management in Monterey County**

Perform emergency management services in Monterey County

## Responsibilities:

- 1) Develop coordinated emergency response plans (Existing)
- 2) Call taking and dispatch for calls from other Agencies (Existing)
- 3) Coordinate activities with other EM providers, as needed (Existing)
- 4) Perform emergency services, as needed (Existing)
- 5) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
- 6) Call taking and dispatch for public-initiated calls (Existing)

---

**Role/Area: Emergency Management in San Benito County**

Perform emergency management services in San Benito County

## Responsibilities:

- 1) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
- 2) Call taking and dispatch for calls from other Agencies (Existing)
- 3) Perform emergency services, as needed (Existing)
- 4) Develop coordinated emergency response plans (Existing)
- 5) Call taking and dispatch for public-initiated incidents (Existing)
- 6) Coordinate activities with other EM providers, as needed (Existing)

---

**Role/Area: Emergency Management in Santa Cruz County**

Perform emergency management services in Santa Cruz County

## Responsibilities:

- 1) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
  - 2) Call taking and dispatch for calls from other Agencies (Existing)
  - 3) Call taking and dispatch for public-initiated calls (Existing)
  - 4) Coordinate activities with other EM providers, as needed (Existing)
  - 5) Develop coordinated emergency response plans (Existing)
  - 6) Perform emergency services, as needed (Existing)
-

---

**Stakeholder: California Highway Patrol (CHP)**

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate freeway operations and information with Caltrans Districts and local Agencies, as appropriate (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Existing)

---

**Role/Area: Traveler Information for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Collect and disseminate Regional incident information via website (Existing)
-

---

**Stakeholder: Caltrans D4**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

## Responsibilities:

- 1) Coordinate emergency response activities with other Agencies as needed, to manage the effects & impact on the Regional transportation system (Existing)
- 2) Disseminate information to the public and media, as appropriate (Existing)
- 3) Back-up District 5 TMC operations during the periods District 5 TMC is not operational (Planned)

---

**Role/Area: Emergency Management in Santa Cruz County**

Perform emergency management services in Santa Cruz County

## Responsibilities:

- 1) Coordinate activities with other EM providers, as needed (Existing)
- 2) Respond to calls for highway-related services from the general public (Existing)
- 3) Respond to calls for services from other Agencies (Existing)
- 4) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
- 5) Perform emergency services, as needed (Existing)
- 6) Develop coordinated emergency response plans (Existing)

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

## Responsibilities:

- 1) Manage/maintain State-operated highways/roads (includes ramp meters, signals, etc.) (Existing)
- 2) Back-up District 5 TMC operations during the periods District 5 TMC is not operational (Existing)
- 3) Issue advisories (weather, disaster, etc.) to local Agencies and media, as needed (Existing)
- 4) Provide staff to operate TMC during operating hours and as needed for emergencies (Existing)
- 5) Coordinate freeway operations and information with other Caltrans Districts, CHP, and local Agencies, as appropriate (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

## Responsibilities:

- 1) Back-up District 5 TMC operations during the periods District 5 TMC is not operational (Existing)
- 2) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Existing)

---

**Role/Area: Incident Management in Santa Cruz County**

Incident management activities in Santa Cruz County

## Responsibilities:

- 1) Issue advisories to local Agencies and media, as needed (Existing)
  - 2) Notify/coordinate with other emergency service providers (CHP, local Agency) about detected incidents on State-operated highways/roads, as appropriate (Existing)
  - 3) Perform work as needed to clear incidents (Existing)
-

---

**Stakeholder: Caltrans D5**

---

**Role/Area: Archived Data Systems -- AMBAG Regionally Significant ITS**

Collect and manage Regionally (AMBAG) significant transportation-related data

Responsibilities:

- 1) Participate with the update the MPO and local ITS Architectures (Planned)

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Processing calls from other Agencies (Planned)
- 2) Processing calls from PCAC(s) (Planned)
- 3) Dispatch and coordinate resources to handle incidents (Planned)
- 4) Disseminate information to the public and media, as appropriate (Existing)
- 5) Develop/coordinate interjurisdictional disaster and emergency response plans (Existing)
- 6) Coordinate emergency response activities with other Agencies as needed, to manage the effects & impact on the Regional transportation system (Existing)

---

**Role/Area: Emergency Management in Monterey County**

Perform emergency management services in Monterey County

Responsibilities:

- 1) Perform emergency services, as needed (Existing)
- 2) Coordinate activities with other EM providers, as needed (Existing)
- 3) Develop coordinated emergency response plans (Existing)
- 4) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
- 5) Call taking and dispatch for calls from other Agencies (Existing)

---

**Role/Area: Emergency Management in San Benito County**

Perform emergency management services in San Benito County

Responsibilities:

- 1) Develop coordinated emergency response plans (Existing)
  - 2) Coordinate activities with other EM providers, as needed (Existing)
  - 3) Perform emergency services, as needed (Existing)
  - 4) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
  - 5) Call taking and dispatch from other Agencies. (Existing)
-

---

**Stakeholder: Caltrans D5**

---

**Role/Area: Emergency Management in Santa Cruz County**

Perform emergency management services in Santa Cruz County

Responsibilities:

- 1) Coordinate activities with other EM providers, as needed (Existing)
- 2) Develop coordinated emergency response plans (Existing)
- 3) Perform emergency services, as needed (Existing)
- 4) Provide logistical support for field personnel (routing information, patch calls, etc.) (Existing)
- 5) Respond to calls for services from other Agencies (Existing)

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Manage/maintain State-operated highways/roads (includes ramp meters, signals, etc.) (Existing)
- 2) Issue advisories (weather, disaster, etc.) to local Agencies and media, as needed (Existing)
- 3) Coordinate freeway operations and information with other Caltrans Districts, CHP, and local Agencies, as appropriate (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Existing)

---

**Role/Area: Incident Management in Monterey County**

Incident management activities in Monterey County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)
- 2) Issue advisories to local Agencies and media, as needed (Existing)
- 3) Notify/coordinate with emergency service providers (CHP, local Agency) about detected incidents on State-operated highways/roads, as appropriate (Existing)

---

**Role/Area: Incident Management in San Benito County**

Incident management activities in San Benito County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)
  - 2) Notify/coordinate emergency service providers (CHP, local Agency) about detected incidents on State-operated highways/roads, as appropriate. (Existing)
  - 3) Issue advisories to local Agencies and media, as needed (Existing)
-

---

**Stakeholder: Caltrans D5**

---

**Role/Area: Incident Management in Santa Cruz County**

Incident management activities in Santa Cruz County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)
  - 2) Notify/coordinate with other emergency service providers (CHP, local Agency) about detected incidents on State-operated highways/roads, as appropriate (Existing)
  - 3) Issue advisories to local Agencies and media, as needed (Existing)
-

---

**Stakeholder: Central Coast Dial-A-Ride-Operators**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional sharing/coordination of transit schedule information (Existing)

---

**Role/Area: Transit Services in Monterey County**

Operation and maintenance of transit services, equipment, facilities within Monterey County

Responsibilities:

- 1) Operate and maintain an on-demand transit system, including vehicle routing, scheduling, fare processing, maintenance, etc. (Existing)

---

**Role/Area: Transit Services in San Benito County**

Operation and maintenance of transit services, equipment, facilities within San Benito County.

Responsibilities:

- 1) Operate and maintain an on-demand transit system, including vehicle routing, scheduling, fare processing, maintenance, etc. (Existing)

---

**Role/Area: Transit Services in Santa Cruz County**

Operation and maintenance of transit services, equipment, and facilities within Santa Cruz County

Responsibilities:

- 1) Operate and maintain an on-demand transit system, including vehicle routing, scheduling, fare processing (local), maintenance, etc. (Existing)
-

---

**Stakeholder: Central Coast EMS and Incident Management Agencies**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate Regional emergency response activities with other Agencies as needed (Existing)
-

---

**Stakeholder: Central Coast TMC Agencies**

---

**Role/Area: Surface Street Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate traffic signal operations with other TMCs in the Region as appropriate (Planned)
-

---

**Stakeholder: Central Coast Transit Agencies**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional sharing/coordination of transit schedule information (Existing)
  - 2) Regional coordination of passenger and fare information/apportionment (Planned)
-

---

**Stakeholder: City of Capitola**

---

**Role/Area: Surface Street Management in Santa Cruz County**

Management of the traffic signal system in Santa Cruz County

Responsibilities:

- 1) Operate and maintain (surface street) signal system (Existing)
-

---

**Stakeholder: City of Gonzales**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Planned)
-

---

**Stakeholder: City of Greenfield**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

---

**Stakeholder: City of Hollister**

---

**Role/Area: Surface Street Management in San Benito County**

Management of the traffic signal system in San Benito County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

---

**Stakeholder: City of King City**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

---

**Stakeholder: City of Marina**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

**Stakeholder: City of Monterey**

---

**Role/Area: Incident Management in Monterey County**

Incident management activities in Monterey County

Responsibilities:

- 1) Issue advisories to the media, as needed (Planned)
- 2) Modify signal system and other roadway equipment settings, as needed to mitigate the impact of the incident (Planned)
- 3) Monitor transportation network and roadside equipment status from TMC (Planned)
- 4) Notify/coordinate with emergency service providers (CHP, local Agency) about detected incidents on local roads, as appropriate (Planned)

---

**Role/Area: Parking Management in Monterey County**

Operation and maintenance of parking facilities in Monterey County

Responsibilities:

- 1) Route traveler vehicles to nearby parking facilities that have parking available (Planned)
- 2) Monitor status (available spaces) of City-operated parking facilities (Existing)

---

**Role/Area: Surface Street Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate traffic signal operations with other TMCs in the Region as appropriate (Planned)

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Manage (surface street) traffic signal system from TMC (Planned)
- 2) Operate and maintain (surface street) traffic signal system (Existing)

---

**Role/Area: Traveler Information in Monterey County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Update traveler information systems, as needed (Planned)
-

---

**Stakeholder: City of Pacific Grove**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)

---

**Role/Area: Traveler Information in Monterey County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Manage special event CMS system, as needed (Planned)
-

**Stakeholder: City of Salinas**

---

**Role/Area: Incident Management in Monterey County**

Incident management activities in Monterey County

Responsibilities:

- 1) Issue advisories to the media, as needed (Planned)
- 2) Monitor transportation network and roadside equipment status from TMC (Planned)
- 3) Notify/coordinate with emergency service providers (CHP, local Agency) about detected incidents on local roads, as appropriate (Planned)
- 4) Modify signal system and other roadway equipment settings, as needed to mitigate the impact of the incident (Planned)

---

**Role/Area: Surface Street Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate traffic signal operations with other TMCs in the Region as appropriate (Planned)

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Manage (surface street) traffic signal system from TMC (Planned)
- 2) Operate and maintain (surface street) traffic signal system (Existing)

---

**Role/Area: Traveler Information in Monterey County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Route commercial trucks waiting to be loaded with freight to nearby staging area(s) (Planned)
  - 2) Update traveler information systems, as needed (Planned)
-

**Stakeholder: City of Santa Cruz**

---

**Role/Area: Incident Management in Santa Cruz County**

Incident management activities in Santa Cruz County

Responsibilities:

- 1) Issue advisories to the media, as needed (Planned)
- 2) Modify signal timing and other roadway equipment settings, as needed to mitigate the impact of the incident (Planned)
- 3) Notify/coordinate with emergency service providers (CHP, local Agency) about detected incidents on local roads, as appropriate (Planned)
- 4) Update traveler information systems, as needed (Existing)

---

**Role/Area: Surface Street Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate traffic signal operations with other TMCs in the Region as appropriate (Planned)

---

**Role/Area: Surface Street Management in Santa Cruz County**

Management of the traffic signal system in Santa Cruz County

Responsibilities:

- 1) Operate and maintain (surface street) signal system (Existing)
  - 2) Manage (surface street) traffic signal system from TMC (Existing)
  - 3) Monitor transportation network (CCTV, etc.) and roadside equipment status from TMC (Existing)
-

---

**Stakeholder: City of Scotts Valley**

---

**Role/Area: Surface Street Management in Santa Cruz County**

Management of the traffic signal system in Santa Cruz County

Responsibilities:

- 1) Operate and maintain (surface street) signal system (Existing)
-

---

**Stakeholder: City of Seaside**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

---

**Stakeholder: City of Soledad**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Operate and maintain (surface street) traffic signal system (Existing)
-

---

**Stakeholder: City of Watsonville**

---

**Role/Area: Surface Street Management in Santa Cruz County**

Management of the traffic signal system in Santa Cruz County

Responsibilities:

- 1) Operate and maintain (surface street) signal system (Existing)
-

---

**Stakeholder: Council of San Benito County Governments (SBtCOG)**

---

**Role/Area: Archived Data Systems -- AMBAG Regionally Significant ITS**

Collect and manage Regionally (AMBAG) significant transportation-related data

Responsibilities:

- 1) Participate in the maintenance of the AMBAG ITS Project Architecture (Planned)

---

**Role/Area: Archived Data Systems in San Benito County**

Collect and manage various transportation-related data

Responsibilities:

- 1) Collect transportation data (traffic and transit) for transportation systems/elements in San Benito County (Existing)
- 2) Maintain/update the San Benito County ITS Project Architecture (Planned)
- 3) Develop/produce reports relating to transportation data as needed/requested (Existing)

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Maintain call boxes system(s) in San Luis Obispo County (Existing)
-

---

**Stakeholder: Monterey County**

---

**Role/Area: Surface Street Management in Monterey County**

Management of the traffic signal system in Monterey County

Responsibilities:

- 1) Obtain traffic counts at key locations (Existing)

---

**Role/Area: Traveler Information in Monterey County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Manage special event CMS system, as needed (Planned)
-

---

**Stakeholder: Monterey County Local Agencies**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate Regional emergency response activities with other Agencies as needed (Existing)

---

**Role/Area: Emergency Management in Monterey County**

Perform emergency management services in Monterey County

Responsibilities:

- 1) Coordinate activities with other EM providers, as needed (Existing)
- 2) Develop coordinated emergency response plans (Existing)
- 3) Respond to calls for services from the general public (Existing)
- 4) Respond to calls for services from other Agencies (Existing)
- 5) Perform emergency services, as needed (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Planned)

---

**Role/Area: Incident Management in Monterey County**

Incident management activities in Monterey County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)

---

**Role/Area: Parking Management in Monterey County**

Operation and maintenance of parking facilities in Monterey County

Responsibilities:

- 1) Manage and maintain parking facilities (Existing)
  - 2) Collect and manage parking fees (Existing)
-

---

**Stakeholder: Monterey Parking (City and Private)**

---

**Role/Area: Parking Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Accept and coordinate payment of parking fees via Regional smart cards (Planned)
-

**Stakeholder: Monterey-Salinas Transit (MST)**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional coordination of passenger and fare information/apportionment (Planned)
- 2) Regional sharing/coordination of transit schedule information (Existing)

---

**Role/Area: Transit Services in Monterey County**

Operation and maintenance of transit services, equipment, facilities within Monterey County

Responsibilities:

- 1) Operate and maintain a fixed-route transit system. This includes vehicle routing, scheduling, fare processing (local), maintenance, etc. (Existing)
- 2) Provide for the physical security of transit passengers and vehicle operators (Existing)
- 3) Keep transit travelers notified of transit vehicle arrival status (Existing)
- 4) Monitor transit vehicle location and adherence to schedule (Existing)

---

**Role/Area: Traveler Information in Monterey County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Maintain tools to allow travelers to obtain transit information (schedules, fares, trip planning, etc.) (Planned)
-

---

**Stakeholder: Private Call Answering Center (PCAC)**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Processing calls from area call boxes and telephones (Planned)
- 2) Dispatch and coordinate resources from appropriate EM providers to handle incidents (Planned)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Dispatch and coordinate resources to handle incidents (Planned)
-

---

**Stakeholder: San Benito County Express (SBCE)**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional sharing/coordination of transit schedule information (Existing)

---

**Role/Area: Transit Services in San Benito County**

Operation and maintenance of transit services, equipment, facilities within San Benito County.

Responsibilities:

- 1) Operate and maintain a fixed-route transit system. This includes vehicle routing, scheduling, fare processing (local), maintenance, etc. (Existing)
-

---

**Stakeholder: San Benito County Local Agencies**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate Regional emergency response activities with other Agencies as needed (Existing)

---

**Role/Area: Emergency Management in San Benito County**

Perform emergency management services in San Benito County

Responsibilities:

- 1) Respond to calls for services from other Agencies (Existing)
- 2) Respond to calls for services from the general public (Existing)
- 3) Coordinate activities with other EM providers, as needed (Existing)
- 4) Develop coordinated emergency response plans (Existing)
- 5) Perform emergency services, as needed (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Planned)

---

**Role/Area: Incident Management in San Benito County**

Incident management activities in San Benito County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)
-

---

**Stakeholder: San Benito Parking (Local Agencies & Private)**

---

**Role/Area: Parking Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Accept and coordinate payment of parking fees via Regional smart cards (Planned)

---

**Role/Area: Parking Management in San Benito County**

Operation and maintenance of parking facilities in San Benito County

Responsibilities:

- 1) Manage & maintain parking facilities (Existing)
  - 2) Collect and manage parking fees (Existing)
-

---

**Stakeholder: Santa Cruz County**

---

**Role/Area: Surface Street Management in Santa Cruz County**

Management of the traffic signal system in Santa Cruz County

Responsibilities:

- 1) Operate and maintain (surface street) signal system (Existing)
-

---

**Stakeholder: Santa Cruz County Local Agencies**

---

**Role/Area: Emergency Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate Regional emergency response activities with other Agencies as needed (Existing)

---

**Role/Area: Emergency Management in Santa Cruz County**

Perform emergency management services in Santa Cruz County

Responsibilities:

- 1) Develop coordinated emergency response plans (Existing)
- 2) Perform emergency services, as needed (Existing)
- 3) Respond to calls for services from the general public (Existing)
- 4) Respond to calls for services from other Agencies (Existing)
- 5) Coordinate activities with other EM providers, as needed (Existing)

---

**Role/Area: Incident Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Coordinate activities with other Agencies to manage Regionally-significant (planned and unplanned) incidents (Planned)

---

**Role/Area: Incident Management in Santa Cruz County**

Incident management activities in Santa Cruz County

Responsibilities:

- 1) Perform work as needed to clear incidents (Existing)
-

---

**Stakeholder: Santa Cruz County Regional Transportation Commission (SCCRTC)**

---

**Role/Area: Archived Data Systems -- AMBAG Regionally Significant ITS**

Collect and manage Regionally (AMBAG) significant transportation-related data

Responsibilities:

- 1) Participate in the maintenance of the AMBAG ITS Project Architecture (Planned)

---

**Role/Area: Archived Data Systems in Santa Cruz County**

Collect and manage various transportation-related data

Responsibilities:

- 1) Maintain/update the Santa Cruz County ITS Project Architecture (Planned)
- 2) Collect transportation data (traffic and transit) for transportation systems/elements in Santa Cruz County (Existing)
- 3) Develop/produce reports relating to transportation data as needed/required (Planned)

---

**Role/Area: Emergency Management in Santa Cruz County**

Perform emergency management services in Santa Cruz County

Responsibilities:

- 1) Operate and maintain call box system (Existing)

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Maintain call boxes system(s) in San Luis Obispo County (Existing)

---

**Role/Area: Incident Management in Santa Cruz County**

Incident management activities in Santa Cruz County

Responsibilities:

- 1) Operate and maintain FSP fleet to help clear incidents (Existing)
-

---

**Stakeholder: Santa Cruz Metropolitan Transit District (SC Metro)**

---

**Role/Area: Transit Services -- AMBAG Regionally Significant ITS**

Provide inter-jurisdictional transit services and information

Responsibilities:

- 1) Regional sharing/coordination of transit schedule information (Existing)

---

**Role/Area: Transit Services in Santa Cruz County**

Operation and maintenance of transit services, equipment, and facilities within Santa Cruz County

Responsibilities:

- 1) Operate and maintain a fixed-route transit system, including vehicle routing, scheduling, fare processing (local), maintenance, etc. (Existing)

---

**Role/Area: Traveler Information in Santa Cruz County**

Local/County-wide transportation information dissemination

Responsibilities:

- 1) Maintain tools to allow travelers to obtain transit information (schedules, fares, etc.) (Planned)
-

---

**Stakeholder: Santa Cruz Parking (City & Private)**

---

**Role/Area: Parking Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Accept and coordinate payment of parking fees via Regional smart cards (Planned)

---

**Role/Area: Parking Management in Santa Cruz County**

Operation and maintenance of parking facilities in Santa Cruz County

Responsibilities:

- 1) Collect and manage parking fees (Planned)
  - 2) Manage and maintain parking facilities (Planned)
-

---

**Stakeholder: Transportation Agency for Monterey County (TAMC)**

---

**Role/Area: Archived Data Systems -- AMBAG Regionally Significant ITS**

Collect and manage Regionally (AMBAG) significant transportation-related data

Responsibilities:

- 1) Participate in the maintenance of the AMBAG ITS Project Architecture (Planned)

---

**Role/Area: Archived Data Systems in Monterey County**

Collect and manage various transportation-related data

Responsibilities:

- 1) Develop/produce reports relating to transportation data as needed/required (Existing)
- 2) Maintain/update the Monterey County ITS Project Architecture (Planned)
- 3) Collect transportation data (traffic and transit) for transportation systems/elements in Monterey County (Existing)

---

**Role/Area: Emergency Management in Monterey County**

Perform emergency management services in Monterey County

Responsibilities:

- 1) Operate and maintain call box system (Existing)

---

**Role/Area: Freeway Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Maintain call boxes system(s) in San Luis Obispo County (Existing)

---

**Role/Area: Incident Management in Monterey County**

Incident management activities in Monterey County

Responsibilities:

- 1) Operate and maintain FSP fleet to help clear incidents (Existing)
-

---

**Stakeholder: UC Santa Cruz**

---

**Role/Area: Parking Management for AMBAG Regionally Significant ITS**

Responsibilities:

- 1) Accept and coordinate payment of parking fees via Regional smart cards (Planned)

---
